Occupational Health & Safety Management

Our Policy and Procedures Manual:

The management standard OHSAS 18000 requires that senior management define the Company Occupational Health & Safety policy and that senior managers ensure policy is:

1. Appropriate to the nature and scale of our Occupational Health & Safety risks.
2. Includes a commitment to continual improvement to management processes and performance.
3. Includes a commitment to comply with applicable Occupational Health & Safety legislation and with other requirements to which we subscribe to; e.g. industry guidance and best practice.
4. Documented, implemented and maintained and communicated to all employees.
5. Available to all other interested parties.
6. Reviewed periodically to ensure that it remains relevant and appropriate to the organisation

Occupational Health & Safety Policy Statement

- We shall remain aware of our responsibilities relating to Occupational Health & Safety matters throughout all of our business activities.
- We shall ensure that our management and performance relating to Occupational Health & Safety matters is subject to continual improvement.
- We will comply with all Health & Safety legislation applicable to our activities and to any other requirements to which we may subscribe.
- This Occupational Health & Safety Manual is to be maintained by regular review. It will be communicated to all of our employees; and our suppliers and sub-contractors. It will also be available to all other interested parties.
- This Policy is subject to regular Management Review in order to ensure that it remains relevant and appropriate to the Organisation's activities.
